

TEDx Harker Heights Speaker Application

TEDx Disclosure Statement

A TEDx event is a local gathering where live TED-like talks and performances are shared with the community. TEDx events are fully planned and coordinated independently, on a community-by-community basis. The content and design of each TEDx event is unique and developed independently, but all of them have features in common.

A TEDx event is not a platform for professional or circuit speakers, such as motivational speakers and professional life coaches. Its purpose is to give a platform to those who don't often have one.

A TEDx event is organized by volunteers from the local community, and just like TED events, it lacks any commercial, religious, or political agenda. Its goal is to spark conversation, connection, and community.
